

A pharmaceutical company based out of Parsippany, NJ is seeking a Manager, Supply Chain.

**Summary:**

This position will have comprehensive responsibility for supply chain management for pharmaceutical Operations. The primary focus includes but is not limited to: Planning, Purchasing/Commodity Management, Materials Management/Logistics, and Inventory Control.

**\*Pharmaceutical background or experience required for this role\***

Responsibilities

- Conduct analysis of the supply chain network and develop strategy
- Build a supply chain network capability plan and develop a long-term plan for product flow strategies
- Develop inventory management strategies and programs to ensure maximum inventory turns, best price, high quality and consistent support to manufacturing
- Work with manufacturing to rationalize outsourcing and in-sourcing activities
- Identify key suppliers and partner with these suppliers to develop long term mutually beneficial relationships
- Support sourcing strategies for a range of commodities and ensure these are migrated into the existing business unit supply chain with minimum interruption and maximum cost reduction
- Drive and ensure suppliers are held accountable for meeting continuous improvement initiatives both from a strategic and tactical perspective including lead time reduction, flexibility to schedules, quality improvement, inventory reduction (entire supply chain) and cost reduction on year-over-year basis
- Review and ensure that the appropriate financial metrics are monitored and proper fiscal controls are in place to maximize cost savings throughout the function

Requirements

- Bachelors Degree preferably in supply chain management or business; MBA preferred
- 5-7 years supply chain management experience
- Technical and strategic skills in network planning and design
- Strong analytical experience with data crunching, mining and modeling
- Ability to develop, well and implement network planning strategies
- Strong negotiation skills

**This role offers full benefits including full med, dent, vis, matching 401K, tuit reimb, vacation time and flex time.**
