

AS America, Inc.

JOB DESCRIPTION

POSITION TITLE

Supply Planner - Chinaware

POSITION DESCRIPTION

Under minor supervision, create and maintain production plans and master schedules to support the Demand plan for the Americas. Ensure all aspects of planning activities are performed effectively and meeting required results. Interface with the 3rd party Suppliers, mainly in Asia, along with Canadian Operations, Planning teams, Sales leaders, US- Demand Planning, Manufacturing and Logistics groups.

RESPONSIBILITIES

- Balance supply with demand over the short and long-term planning horizon utilizing SAP planning system and Excel worksheets by presenting rolling 12-18 month production and inventory plans by family for approval in the S&OP process meeting
- Maintain the process for reviewing and recommending changes to target inventories and safety stocks when necessary to deliver required customer service levels
- Review, analyze and prepare Supply meeting reports and/or data. Prepare issue statements in response to supply issues; document assumptions and work closely with plants by developing supply options where unconstrained demand exceeds supply
- Planning of NPI (New Product Introduction) is key for customer service

QUALIFICATIONS

- B.S. Degree in Supply chain, Business, or related field
- 3-5 years of solid understanding of MRP, Inventory and Capacity principles and techniques
- SAP and/or prior experience in a Planning system. SAP highly preferred
- Excellent Excel and Access database skills for reporting
- Ability to engage and communicate with key department leaders
- Effective time management skills to maintain daily to do list, understanding production priorities and deadlines as directed by supervisor.
- Experience in working cross functionally and meeting tight deadlines
- Attention to details with ability to flex during crunch time

All applicants should apply online through our American Standard Website
